Managerial accounting is the practice of analyzing and communicating financial data to managers, who use the information to make business decisions.

Managerial Accounting Definition

The L6599 is a double-ended controller specific for the resonant half-bridge topology. It provides 50 % complementary duty cycle: the high-side switch and the low-side switch are driven ON/OFF 180° out-of-phase for exactly the same time. Output voltage regulation is obtained by modulating the operating frequency.
