"It is not easy to make the redistricting process understandable -- and near-miraculous to be able to do so in a highly entertaining way. But that is just what The Redistricting Game does, to the gratitude of all who want Americans to understand how this process is working, and why it needs real reform."

### The ReDistricting Game

Francis Clarysse, a Ghent prosecutor, told The Associated Press that the prosecution now has 24 hours to decide whether to appeal the decision to Belgium's highest court, the court of cassation. Tuesday's ruling marked the fourth time the Spanish judicial authorities' requests for extradition were denied.

The hash calculation might seem daunting at first glance but let us dive into it. We need to generate a PMK driven from SSID (the network name) and the Passphrase; then we generate a PMKID driven from the PMK we generated, the AP MAC address, and the client MAC address. So let us see where we can find those: The PMK is computed as follows:
