Firefighter fatality search results

Approximately 336,000 are career fire fighters, 812,000 are volunteers, and 80 to 100 die in the line of duty each year. To address this occupational hazard, the NIOSH Fire Fighter Fatality Investigation and Prevention Program conducts independent investigations of fire fighter line-of-duty deaths.

Fire Fighter Fatality Investigation and Prevention | NIOSH ...

Firefighters were ordered to stretch two hose lines into the showroom to attack the spreading fire; however, the pre-connected hose line from one of the units was too short. This required some firefighters to again exit the building to add additional sections of hose, and left only one small handline to hold back the growing fire.
