Wake Up Missing Kate Messner

"Kate Messner's new novel, *Wake Up Missing*, has all the qualities you want in a thriller: deceit, science taken to the extreme, and characters that you root for – especially when it looks like there is no hope. Messner has taken two very prominent issues ripped from the headlines, and combined them into a fast paced cranial feast as she explores concussions and gene therapy."

Wake Up Missing - Customer reviews ... I've never read anything by Kate Messner before, but I'll definitely be looking for more!!
